## Respondent Information Form

These questions help us understand what different groups of children and young people think. **You don't have to answer them if you don't want to.**

This questionnaire is private and anonymous. Your answers will only be seen by a small team of people who read everyone's answers to find out what children and young people think. Nobody will know the answers came from you.

Sometimes we share a few answers on our website to show what children think. We'll only do this if you say **yes**, and we'll **never** include anything that could identify you.

If you say **no**, we'll still read your answers and use your ideas, but nothing from your answers will be shown on the website.

To see how we keep your information and answers safe, you can read this [information page](#).

We'd like to know what kind of place you go to for learning and which part of the country you live in. This helps us learn a bit more about who is filling in the survey. It also helps us group the answers when we look at them later.
