

Angus Council

Work Placement

Flexible approach to work placements ensure that young people have an opportunity to experience the world of work. Strong partnership approach with Local Authority ensure that young people have range of work related learning experiences.

Mentor support model to provide young people with a mechanism, ensuring they are offered the best opportunity to thrive in their work placement.

Timetabled approach to ensure that young people are given a wide range of options, this will help them to align to their own career pathway. One day targeted project work is available for young people involved in work placements.

Work Based Learning

Range of work related learning activity across BGE and the Senior Phase.
