

	<b>Learner</b>	<b>Parent/Carer</b>	<b>Practitioner</b>	<b>SLT</b>	<b>LA</b>
<b>Identifying Learning and Wider Achievement Gaps</b>	T&M helps me to identify areas in my learning that I find challenging and ensures I have opportunities for wider achievement.	T&M supports informed communication and provides information about how parents/carers can support their child.	T&M helps practitioners to identify areas of challenge and provide targeted support and timeous interventions.	T&M provides an overview of learner progress and can identify support/interventions required.	T&M supports LAs to identify particular strengths and areas for improvement and plan to support these.
<b>Evaluating Learning, Teaching and Assessment</b>	T&M supports discussions which can help me reflect on my learning experiences and become involved in planning and evaluating my learning.	T&M supports reflection on the learning experience of their child enabling involvement in planning and evaluating learning.	T&M can help practitioners evaluate the effectiveness of the learning, teaching and assessment approaches and resources being used.	T&M supports professional dialogue and reflection on effective pedagogy. It enables planning for improvement in learning, teaching and assessment to better support needs.	T&M supports LAs to analyse areas of strength and development in learning, teaching and assessment, enabling strategic improvement planning.
<b>Communicating Achievement, Progress and Attainment</b>	T&M helps me to know how well I am doing in different areas of the curriculum.	T&M supports informed communication and provides information about how parents/carers can engage and support their child on their learner journey.	T&M informs targeted learner conversations which celebrate success and identify manageable, achievable next steps/goals/targets.	T&M supports high level reporting at key points throughout the year.	T&M supports high level reporting at key points throughout the year.
<b>Setting Personal Learner Goals</b>	T&M helps me to set realistic and achievable steps/goals/targets for myself and see the progress I am making.	T&M supports the sharing of pupil steps/goals/targets with parents/carers.	T&M informs targeted learner conversations which celebrate success and identify manageable, achievable next steps/goals/targets.	T&M supports reflection on current progress, the setting of improvement steps/goals/targets and, planned and systematic measuring of progress against these. T&M data can be used to analyse and identify trends and patterns for a 'closer look'.	T&M supports setting high level targets e.g. stretch aims.
<b>Identifying Trends and Patterns</b>	T&M information can help me to identify areas of strength and those which require improvement.	T&M supports communication on trends and patterns in their child's learning and progress over time.	T&M helps teachers identify trends and patterns and consider strengths and areas for improvement.	T&M data can be used to analyse and identify trends and patterns for a 'closer look'.	T&M supports the evaluation of data at school, LA and national level, to support high level reporting and enable planning for improvement.
