It’s ok to worry about war and conflict

A resource pack for children under 12 years old to help manage difficult feelings about war and conflict
Please feel free to print out your favourite pages

This pack was created by the Early Intervention team in Child and Adolescent Mental Health Service (CAMHS) in NHS Grampian
Part 1: Information about war
1. What is war?
2. Have you heard about war?
   How do you feel when you hear about war?
3. How others feel about war
   Adults can worry too

Part 2: When you have a worry
4. How this pack can help you
   Lots of tips to help with your feelings
5. Worry tree
   Follow the arrows when you have a worry to help you decide what to do
6. Coping Cards
   Use these coping cards to help you think of your worry less
Part 3: If you need to relax

7. 7 minute animal workout
   Pretend to be different animals

8. Whole body relaxation
   Start at your head and work your way down your body

9. Whole body relaxation continued
   Keep squeezing those muscles

10. 5 Senses
    See if you can use all your 5 senses

11. Take 5 deep breaths
    Deep breathing can help when you feel worried

Part 4: If you can’t sleep

12. Tips for a good night’s sleep
    A good night’s sleep makes things feel better
What is war?

War is fighting between countries.

You may have heard of big wars that happened a long time ago, like World War 1 and 2. You may know someone who has been affected by war, or you may have only heard about war recently.

Currently there is conflict happening and you may have heard about this.
Lots of people are worried about conflict and war

It’s okay if you are worried about this too

Talk to a trusted adult or friend about how you feel

Focus on what is happening now instead of what might happen in the future

Try to notice what makes you feel worried
News and social media might make you worried
Not all news stories are reliable

This means they can make things sound worse than they are

Ask an adult to help you check if a news story is reliable

It can help to keep up to date
But if it’s worrying you, you can always turn off the news for as long as you need

If you are worried, talk to a trusted adult
Have you heard about war?

Yes ☐  No ☐

How do you feel when you hear the word war?

- Relaxed
- Worried
- Confused
- Sad
- Curious
I can understand you feel like this...

I would feel the same!

Sometimes adults get worried when they see stories about war on the TV or when they read the news.
How this pack can help you...

This pack has been put together to help you to manage any feelings you may have about war and conflict.

You may be feeling worried or anxious, scared, sad, or a mixture of many feelings!

When we feel this way, sometimes it can be hard to sleep, or know what to do to help us feel better. This pack gives you some ideas for you to try when you feel this way.
It can help to....

Talk to a trusted adult when you feel worried

Ask questions if you want to understand what is happening

Check that information is reliable and true

Notice what makes you feel worried
When you have a worry, follow this “Worry Tree” to help you decide what to do.

1. Notice the worry
2. Ask ‘What am I worrying about?’
3. Ask ‘Can I do anything about it?’
   - No: Let the worry go
   - Yes: Make a plan!
      - Think about something else
      - What, When, How?
         - Now: Do it!
         - Later: Decide ‘when?’
            - Let the worry go

Adapted from Butler and Hope 2007
**Coping Cards**

Cut these out and have them somewhere close by!

<table>
<thead>
<tr>
<th><strong>Draw your worry</strong></th>
<th><strong>Favourite Place</strong></th>
</tr>
</thead>
</table>
| Draw a picture of what you are worrying about. Here are some ideas:  
  - What you look like when you are worried and when you are relaxed  
  - What you can do to stop worrying | Think of a place where you feel calm and happy. It might be the beach, your bedroom or anywhere else! Imagine what this places looks and sounds like. Imagine how good you feel when you are there |

<table>
<thead>
<tr>
<th><strong>Talk about it</strong></th>
<th><strong>Listen to music</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Talking about your feelings is one of the best ways to help you manage how you are feeling. Tell a parent, friend, teacher or anyone you trust.</td>
<td>Enjoying your favourite music can take your mind off what’s worrying you. Try feelsfm.co.uk and listen to music that matches your mood. Focus your attention on the words, voices or instruments in the song.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Get moving!</strong></th>
<th><strong>Practice a hobby</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Try exercising in any way you like! Dance around your room, run up and down the stairs... the list is endless!</td>
<td>Remember that guitar you made your parents buy? Why not try playing it again! Or do some painting, practice new skills, play a game or anything else you really enjoy!</td>
</tr>
</tbody>
</table>

7 minute animal workout

Set an interval timer and complete each animal movement for 45 seconds, with 15 seconds of rest in between. Do as many as you can!

**FROG JUMPS**
Hop, hop, back and forth like a frog

**BEAR WALK**
Hands & feet on the floor, hips high - walk left and right

**GORILLA SHUFFLE**
Sink into a low sumo squat, with hands on the floor, shuffle around the room.

**STARFISH JUMPS**
Jumping jacks as fast as you can, with arms and legs spread wide.

**CHEETAH RUN**
Run in place, as FAST as you can! Just like the fastest animal in the Sahara.

**CRAB CRAWL**
Sit and place your palms flat on the floor behind you near your hips. Lift up off the ground and crawl.

**ELEPHANT STOMPS**
March in place lifting your knees as high as you can and stomping the ground as hard as you can!
Whole body relaxation
Try each of these more than once!

Here comes a pesky old fly! He has landed on your nose. Try to get him off without using your hands. That’s right, wrinkle up your nose! Scrunch your nose up real hard. You’ve chased him away! Now you can relax your nose. Oops, he’s back!

Now pretend you are a turtle. You’re sitting on a rock by a nice, peaceful pond, just relaxing in the sun. It feels nice and warm. Oh no, you sense danger! Pull your head into your house. Try to pull your shoulders up to your ears and push your head down into your shoulders. Hold in tight! The danger is past now, you can come out into the warm sunshine and relax!

Pretend you are a furry, lazy cat. You want to streeeeetttcccchhh. Stretch your arms out in front of you. Raise them high over your head. Way back. Feel the pull in your shoulders. Stretch higher. Now just let your arms drop back to your side.
Pretend you are squeezing a whole lemon in your hand. Squeeze it hard! Try to squeeze all the juice out. Feel the tightness in your hand and arm as you squeeze. Now drop the lemon and relax. See how much better your hand and arm feel when they are relaxed? Try with the other hand now.

Here comes a cute baby elephant! But he’s not watching where he is going! He doesn’t see you lying there in the grass and he’s about to step on your stomach! Don’t move, get ready for him. Make your stomach very hard. Tighten up your stomach muscles real hard. Hold it! Oh phew, he’s going the other way! Let your stomach go soft. Oops, he’s coming this way again!

Now pretend that you are standing barefoot in a big, fat mud puddle. Squish your toes down deep into the mud. Try to get your feet down to the bottom of the mud puddle. Push down, spread your toes apart and feel the mud squish up between your toes. Now step out of the mud puddle. Let your toes go loose and feel how nice that is!
5 Senses

Look around the room and find....

5 things you can see

4 things you can hear

3 things that would feel nice to touch

2 things you can smell

1 thing you can taste
Take 5 Deep Breathing

1. Stretch your hand out like a star.
2. Get the pointer finger of your other hand ready to trace your fingers up and down.
3. Slide up each finger slowly - slide down the other side.
4. Breathe in through your nose - out through your mouth.
5. Put it together and breathe in as you slide up and breathe out as you slide down.
   Keep going until you have finished tracing your hand.
Tips for a good night’s sleep

Worries can make sleeping difficult and this gets us out of routine. Try these tips to help keep a good routine.

Try to use your bed only for sleeping. If you sit on it for playing on tablets, Xbox, PlayStation etc., get a chair to use instead.

Make sure you exercise during the day. Why not try the 7 minute animal exercise on page 8?

Try not to use tablets/phone/TVs/games consoles an hour before bed. Do a relaxing activity instead – like reading a book, or try out the whole body relaxation on page 9.

If you can’t sleep, try whole body relaxation on page 8 or ‘Take 5’ deep breathing on page 12. Cuddling up with a teddy or blanket can also help!

Try to avoid sweets, chocolate, fizzy drinks in the evening.
If you feel your worries are getting bigger, you or your parent can contact:
