RECOVERY UPDATE

Children across Scotland were predominantly undertaking remote learning from January – March 2021.

Here's an update from Depute Headteacher, **VAL PATERSON**, Youth Development Officer, **WANDA MACKAY**, PT Business Education, **MARGARET RHYNAS**, and headteacher, **GAVIN MCLEAN**, about how the school community have moved on and adapted their practice for the current context.

- Students WRAPPED GIFTS, and a CHRISTMAS CARD COMPETITION was run across all years.
- The Art department made CHRISTMAS ROBINS, students in English wrote poems
- Students in Business Education wrote LETTERS and staff and intergenerational leaders made Christmas decorations.

Opportunities for Personal ACHIEVEMENT

All of the work mentioned above has helped us to maintain and **DEVELOP FURTHER OUR COMMUNITY ENGAGEMENT**, and we are seeing increasingly our school entwined with the wider work of the **BLACK ISLE COMMUNITY**:

a member of staff and a former student are now Trustees with BIC, and there are future opportunities for a young person from the school to be a Trustee.
