

Follow-Up findings for Career Information, Advice and Guidance services delivered by Skills Development Scotland in The Highlands

Publication date – 27 July 2018

Progress made on the Main Points for Action:

- SDS should commence the action within the Continuous Improvement Action plan, to continue to support post-school customers to develop their CMS.

Satisfactory progress has been made

- Senior managers in schools should ensure that school curricular staff continue to implement the CES within their subject areas.

Satisfactory progress has been made
